File is free to use with no gotchas and no hidden fees. Using file, you can circumvent those limits without paying to upgrade your team chat service. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. You can give this download link to your friends by mail or instant messenger. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. filehosting provides an easy possibility for you to send large files to your friends. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data isbeing transferred between your computer or phone and our servers, then from our servers to your friends device. We have no file size limit. Our service iscompletely free for everyone. You decide who you want to share your files with. Any file in any format can be uploaded and downloaded for free. Why paystorage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferredwithin their apps. Files can be downloaded from any computer from our high speed servers. If only we could, we surely would! On the other hand, using filecan actually save you money. Alternatively you can choose to share your download links on blogs, forums and social networking sites. Just upload the file youwant to share with your friends and we send you a download link to your file. No account or credit card is required to get started. Keep your files private, orsend your download links only to friends or family. So try our free and simple filehosting service now. Simply upload your file and share the link. You don'tneed any special software installed to be able to download your files. It is also allowed to link to the download page from websites and communities. Unfortunately, we can't make that part free. The cost of that data transfer is covered by your internet service or the data plan on your phone. There are norestricti
